Effective March 1, 2015

MOTO UNLIMITED,LLC (DBA VOODOO CUSTOM MOTORCYCLE COMPONENTS).
MINIMUM ADVERTISED PRICE (MAP) POLICY
(U.S. , MEXICO, AND CANADA ONLY)

Moto Unlimited, LLC. (DBA Voodoo Industries) ("Voodoo Custom Motorcycle Components"), has adopted the following Minimum Advertised Price Policy ("MAP Policy") for all Voodoo Industries products, except as designated by Voodoo Industries from time to time in writing or as posted on a website ("Covered Products"). Voodoo Industries goal in establishing this policy is to avoid degradation of, or damage to, the premium quality and image of its Covered Products and to the trademarks, other marks, brands or trade names under which its Covered Products are sold. Voodoo Industries intends to sell these Covered Products only to Distributors/Resellers that do not advertise Covered Products below the Minimum Advertised Price set forth in this policy. Voodoo Industries may choose to enforce this policy through action up to and including termination of a Distributor/Reseller or other authorized distributor that advertises any Covered Product below the stated Minimum Advertised Price as set forth below. This MAP Policy will be applied and enforced as follows:

1. The minimum advertised price ("MAP") for each Covered Product shall be the price designated as the MAP on the current Voodoo Industries price list as issued by Voodoo Industries from time to time, or, if no MAP is listed for any Covered Product, the MAP will be the Manufacturer's Suggested Retail Price ("MSRP") for that Covered Product minus 10% of that MSRP. Current price lists may be obtained by contacting a Voodoo Industries sales representative. The MAP for one or more products may be amended from time to time and may be suspended periodically for national, regional and/or seasonal promotions sponsored by Voodoo Industries. Changes to the MAPs will be posted on the Voodoo Industries website designated by Voodoo Industries and will supersede the MAPs on the price lists. It is the responsibility of distributors of Voodoo Industries Covered Products to monitor the designated Voodoo Industries website for updates.

2. This MAP Policy applies to any and all forms of print and electronic media, direct mail, and audio and video communications. Examples of communications to which the MAP Policy

applies are set forth in the MAP Policy FAQs.

3. Voodoo Industries considers any price advertised below the MAP a violation of its MAP Policy. For example, if a product with a MSRP of $49.95 is advertised below $44.95, this is a violation of the MAP Policy.

4. Advertising two or more Covered Products (i.e. two Voodoo Industries products that are covered by this MAP Policy) for sale together ("Voodoo Industries Product Bundle") at a price less than the combined MAPs for each Covered Product is a violation of this MAP Policy. Voodoo Industries reserves the right to issue MAP Policy modifications that apply specifically to Voodoo Industries Product Bundles.

For example, if a Voodoo Industries Product Bundle includes one Covered Product with a MSRP of $49.95 and a second Covered Product with a MSRP of $17.95, any advertisement at or above $61.11 (the combined MSRP of the Covered Products, or $67.90, minus 10% of that combined MSRP) would comply with this MAP Policy. If Voodoo Industries issued a $10 MSRP reduction for this same Voodoo Industries Product Bundle, any advertisement at or above $52.11 would be in compliance; provided, however, that if the products were sold separately, the MAPs for the individual Covered Products would remain at $44.95 (MSRP of $49.95 minus 10%) and $16.15 (MSRP of $17.95 minus 10%), respectively.

5. Advertisements featuring a Covered Product, and either (a) another brand of product or (b) a Voodoo Industries product that is not a Covered Product will comply with this MAP Policy so long as the price in the advertisement is not lower than the Covered Product's MAP. In determining whether the advertisement contains a price in compliance with this MAP Policy, Voodoo Industries will assess whether a reasonable viewer of the ad will, looking within the four corners of the advertisement, conclude that the ad is stating a price for the Covered Product below the MAP.

For example, if a dealer advertises a Covered Product at the MAP, and provides a free non-Voodoo Industries branded product, the advertisement complies with this MAP Policy. If, however, the advertisement shows the Covered Product at the MSRP and the non- Voodoo Industries branded product at the store's normal retail price, and then shows a "15% off" of the package, the advertisement violates this MAP Policy. As another example, assume the dealer advertises a Covered Product and a non-Voodoo Industries branded product as "Originally $59.95, now reduced to $44.50." If the Covered Product has a MAP of $44.95 or higher, then the advertisement violates this MAP Policy because even if the non-branded product is priced at zero, the net advertised price of the Covered Product is lower than the MAP. In no event may the packaged price of a Covered Product, and either a non-Voodoo Industries product or a non-Covered Product, be more than 10% below the MSRP of the Covered Product.

6. The MAP Policy only applies to advertised prices of Covered Products, and not the prices

at which Covered Products are actually sold. The dealer is free to resell Covered Products at any price of its choice.

7. Voodoo Industries reserves the right to modify, suspend, or cancel the MAP Policy, or modify any or all MAPs at any time. Voodoo Industries will provide notice of any such modifications, suspension or cancellations on the designated Voodoo Industries website. It is the responsibility of each member of Voodoo Industries distribution network to monitor the Voodoo Industries designated website for updates.

8. If a dealer advertises prices below those required by this MAP Policy, Voodoo Industries shall take appropriate action to enforce this MAP Policy, including but not limited to one or more of the following actions:

a. Notify the dealer of the non-compliant advertisement with a reminder of Voodoo Industries MAP Policy on Covered Products.

b. Suspend the dealer's right to sell the Voodoo Industries Covered Product in question for a period of time (e.g., thirty (30), forty-five (45) or ninety (90) days) depending on the breadth and severity of the MAP Policy violation, commencing from the date of notice from Voodoo Industries;

c. Suspend the dealer's right to sell the entire Voodoo Industries series designation in question (e.g., Defender Series, or Commuter Series, etc.) for a period time (e.g., thirty (30), forty-five (45) or ninety (90) days) depending on the breadth and severity of the MAP Policy violation, commencing from the date of notice from Voodoo Industries;

d. Suspend the dealer's right to sell the entire Voodoo Industries product portfolio for a period of time (e.g., thirty (30), forty-five (45) or ninety (90) days) depending on the breadth and severity of the MAP Policy violation, commencing from the date of notice from Voodoo Industries;

e. Suspend the dealer's right to sell the entire Voodoo Industries product portfolio for a period of not less than one (1) year, commencing from the date of notice from Voodoo Industries; and/or

f. Terminate the Distributor/Reseller Agreement or other relevant agreement between Voodoo Industries and the member of the distribution network who has violated this MAP Policy.

Voodoo Industries will make all decisions concerning compliance with and enforcement of this MAP Policy unilaterally. This MAP Policy is a unilateral declaration of policy by Voodoo Industries and does not reflect or constitute an agreement between Voodoo Industries and any Distributor/Reseller, any other authorized distributor, or any other person or entity, and by issuing this policy Voodoo Industries is not seeking any such agreement.

VOODOO INDUSTRIES MAP POLICY FAQs Effective Mach 1, 2015

Q: What are examples of communications to which the MAP Policy applies?
A: The MAP Policy applies to all catalogs, coupons, coupon codes, promo codes, flyers, inserts, magazines, mail order catalogs, mailers, postcards, newsletters, newspapers, posters, billboards, television and radio advertising, internet-based advertising including without limitation, newsletters, e-mail solicitations, call for newsgroups, Internet "lists," website advertising, Internet auctions, and electronic billboards.

Q: Do dealers need to sign the MAP Policy indicating that they agree with its provisions?
A: No. The MAP Policy is not an agreement between Voodoo Industries and the dealer. It is a policy that Voodoo Industries is unilaterally implementing for all members of the Voodoo Industries distribution network in order to maintain the integrity of Voodoo Industries products. The purpose of this document is to inform all members of the Voodoo Industries distribution network that there are certain consequences for deviating from the published MAPs of Covered Products.

Q: Does the MAP Policy affect selling prices?
A: No. Dealers are free to resell Covered Products at any price of their choice. The MAP Policy only provides requirements relating to advertised prices for Covered Products.

Q: Where can I obtain information on suspensions or modifications to the MAPs, or for updates to this MAP Policy?
A: Any temporary suspensions or modifications of the MAPs, as well as any modifications to the MAP Policy, will be posted on the designated Voodoo Industries website (currently the designated Voodoo Industries website is www.voodoomoto.com). Any member of the Voodoo Industries distribution network may also contact a Voodoo Industries sales representative. No individual notices will be sent with respect to MAP suspensions or modifications, or changes to the MAP Policy.

Q: How are "drop in cart" or "call for pricing" advertisements treated by the MAP Policy?
A: Advertisements and offers to sell that do not include a particular price, but require further action that implies a price that is lower than the MAP price violate the MAP Policy. Examples of such unauthorized advertisements include "drop in cart" pricing, "add to cart" pricing, "click to see" pricing, and "call for" pricing. Also prohibited are advertisements that indicate that discounts may be available when a customer takes specific action that goes beyond buying the product, such as "special price option" or "name your price."

Q: What are examples of advertising that does not violate the MAP Policy:
A: Examples include:

- Advertising discounts where the resulting price is at least as high as the MAP for the Covered Product.
- Advertising that does not state a price directly or by reasonable implication.
- Advertising that promises to "meet or beat" a competitor's price.
- Advertising that offers free or low interest financing, deferred payment, free shipping, free installation or some other free service for a Covered Product, provided that the advertisement does not subtract the value of the offer or free service from the advertised price of the Covered Product.
- Advertising for Covered Products that are clearly designated as "refurbished," "demo" or "used."
- Advertising that includes an offer of a gift card when a Covered Product is purchased and that provides for a future discount on subsequent purchases from the dealer.
- Advertising of a blanket price reduction, applicable store-wide, so long as no Covered Product is shown in the advertisement with the discounted price.
