

INSTALLATION INSTRUCTIONS

459-2100 / Winch Mount for use with **POLARIS® RZR XP® 1000**

Thank you for purchasing an Open Trail® Winch Mount. Before you begin installation of the Winch Mount, verify that all parts are included in the box and read all instructions. If you have any questions regarding the installation of the Winch Mount or if you are missing any parts, contact us at opentrailusa.com/contact-us.

The Open Trail® Winch Mount is designed to fit a specific model ATV/UTV under stock conditions. If your ATV/UTV has already been altered or modified by aftermarket products or custom fabrications, then the products may not work together, and installation of this product is not advised.

⚠ WARNING: RISK OF SEVERE INJURY OR DEATH

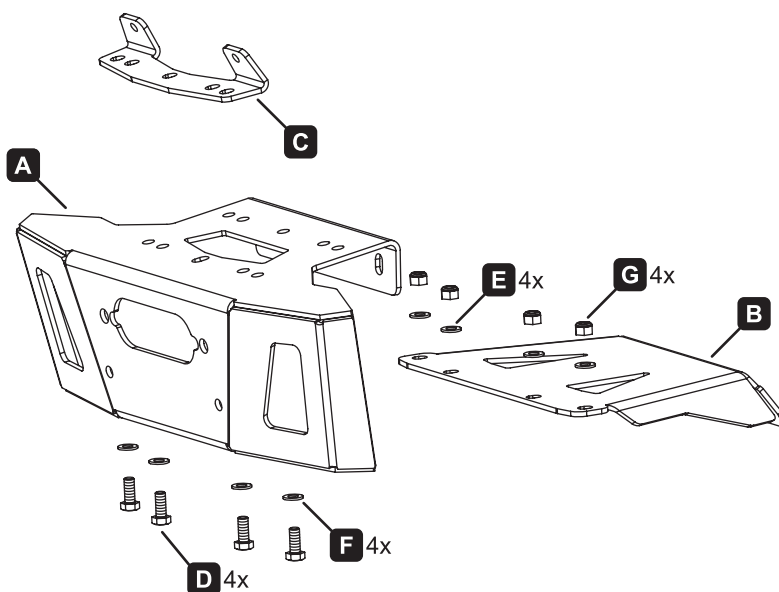

- Read and understand all precautions, warnings and instruction manuals for each winch system component prior to operating
- When working on or under a vehicle always ensure the vehicle is in park, has wheels chocked, is on level ground and is secure
- Wear safety glasses, gloves, closed-toed shoes and other proper PPE when installing and/or using the winch system
- When lifting components into place, always use appropriate and adequate care
- Check that all hardware is tightened securely during installation and operation
- Disconnect the battery while working on the vehicle
- Use extreme caution when cutting, drilling or trimming during fitting
- Do not route electrical cables across any sharp edges, through or near moving parts, or near any parts that may become hot
- Insulate and protect all exposed wiring and electrical terminals
- Always be aware of your surroundings while operating a winch
- Keep clear of any moving components
- When winch is in operation, bystanders should maintain a safe distance
- Do not operate with worn, damaged or missing parts

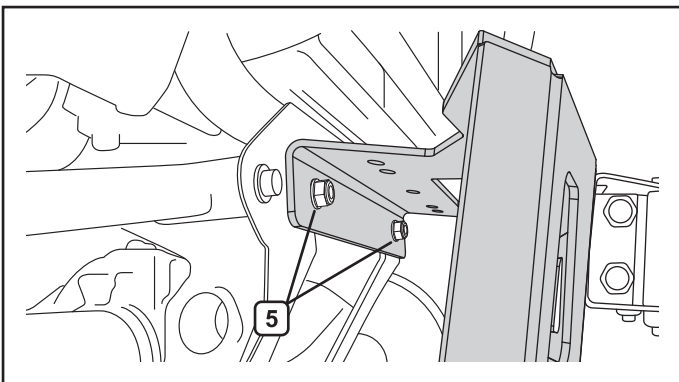

Figure 6.

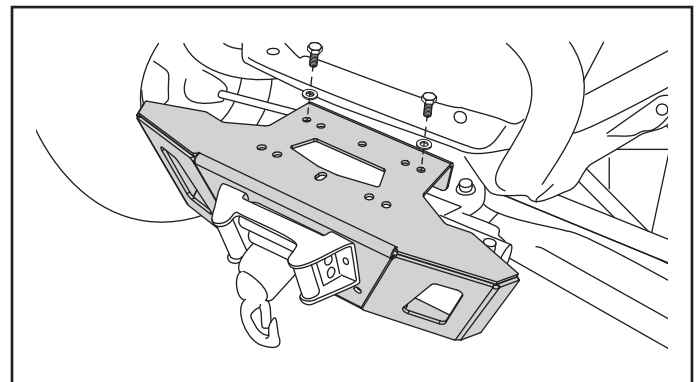

Figure 7.

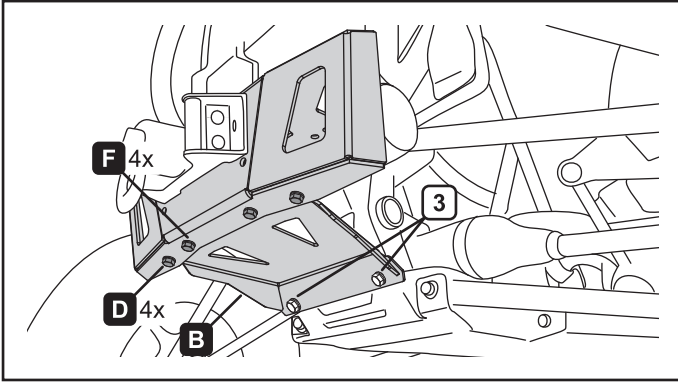

Figure 8.

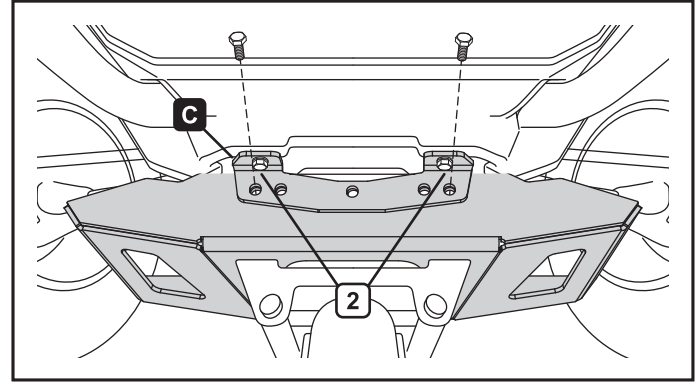

Figure 9.

9. Install the small support bracket (C) with hardware (2) removed in step 1 and the hardware included with your winch into the front winch holes as shown in figure 9.

WIRING INFORMATION

Wiring Instruction: Follow your winch manual for instruction on how to wire your winch.

Recommended Contactor Location: Just behind the right front shock on the firewall are standoffs for mounting your contactor.

Battery Location: Battery power is located at the pulse bar. See your owner's manual for information about the pulse bar.

Accessory Power for Switches or Other Controls is located at the pulse bar. See your owner's manual for information about the pulse bar.

Note: If your winch includes a handlebar rocking switch, replace the handlebar mount with the included hardware kit DASHHW-OT to mount to the dash. See figure 10.
